<b>TITLE</b>	<b>APPLICATION DEADLINE</b>	<b>PROGRAM DATE</b>	<b>PROGRAM LOCATION</b>	<b>STIPEND/ ACCOMMODATIONS/ STIPULATIONS</b>	<b>ELIGIBILITY</b>	<b>MORE INFO</b>	<b>CONTACT</b>
Air Force Research Laboratory (AFRL) Scholars Program	<b>1/17/17</b>	May to August	Valparaiso,FL OR Albuquerque, NM	The total amount scholars earn is based primarily on their educational level and the number of weeks they participate in the program.	Applicants must be US citizens to apply.	<a href="http://afrlscholars.usra.edu/">http://afrlscholars.usra.edu/</a>	
Albert Einstein College of Medicine SURP	<b>2/1/17</b>	Mid-June Nine-week program	Albert Einstein College	\$3,000 stipend; Free housing; up to \$500 in transportation assistance	U.S. citizen or permanent residency; Strong background in the sciences (biology, biochemistry, chemistry, physics, bioengineering, or chemical engineering, etc).	<a href="http://www.einstein.yu.edu/education/phd/the-summer-undergrad-research-program.aspx">http://www.einstein.yu.edu/education/phd/the-summer-undergrad-research-program.aspx</a>	
American Association of Anatomists (AAA) Anatomy Training Program	<b>3/1/17</b>	Typically in Mid-July	England	AAA will cover the tuition fee for each participant, plus travel/room/board expenses for the one-week Residential School in England.		<a href="http://www.anatomy.org/content/training-program">http://www.anatomy.org/content/training-program</a>	Email Liz Phares at lphares@anatomy.org
American Center for Reproductive Medicine 2016 Summer Mentorship Program	<b>3/3/17</b>	June 12 - July 28	Cleveland, Ohio		Undergraduate students, medical students, residents, and recent graduates; Both local (US nationals) and foreign (international) applicants are welcome to apply	<a href="http://www.clevelandclinic.org/ReproductiveResearchCenter/info/traininfo_int8.html">http://www.clevelandclinic.org/ReproductiveResearchCenter/info/traininfo_int8.html</a>	
American Society for Microbiology Undergraduate Research Capstone Program (UR-Capstone)	<b>1/20/17</b>		Various host institutions	Present a poster or oral presentation at the 2015 ASM General Meeting	U.S. Citizen or permanent resident; Full-time undergraduate (2014-2015 not graduating before Dec. 2015); underrepresented minority; prior research experience - have conducted research in the microbiological sciences at a U.S. institution; strong interest in obtaining a research career; be accepted to present a poster or oral presentation at the 2015 ASM General Meeting.	<a href="http://www.asm.org/index.php/fellowships-2/25-education/students/142-asm-undergraduate-research-capstone-program-ur-capstone-2012">http://www.asm.org/index.php/fellowships-2/25-education/students/142-asm-undergraduate-research-capstone-program-ur-capstone-2012</a>	
American Society for Microbiology Undergraduate Research Fellowship (MURF)	<b>2/1/17</b>		Various host institutions	Students will present at the ASM Annual Conference & General Meeting .	Underrepresented groups in the microbiological sciences as determined by the applicant's institution.	<a href="http://forms.asm.org/Education/index.asp?bid=4322">http://forms.asm.org/Education/index.asp?bid=4322</a>	
American Society of Pharmacology and Experimental Therapeutics (ASPET SURF)	<b>2/2/17</b>	May 30 – August 4, 2017	University of Cincinnati		completed 2 years of academic study in accredited college or university;	<a href="http://www.med.uc.edu/pharmacology/aspet.surf">www.med.uc.edu/pharmacology/aspet.surf</a>	
Amgen Scholars U.S. Program: California Institute of Technology	<b>2/15/17</b>	Jun 19 – Aug. 25	California	\$6,000 stipend; campus housing, a modest board allowance, and travel to and from Pasadena. Scholars will be required to live in provided campus housing.	· U.S. citizen or permanent resident; · sophomores (with at least 4 quarters or 3 semesters of college course work), juniors, or non-graduating seniors attending 4-year colleges or universities; GPA of at least 3.2/4.0 · Interest in pursuing a Ph.D. or M.D./Ph.D.	<a href="http://amgenscholars.com/us-program/university/caltech">http://amgenscholars.com/us-program/university/caltech</a> Candace Rypisi at <a href="mailto:candacer@caltech.edu">candacer@caltech.edu</a> or (626) 395-2885	

**Peach State LSAMP 2017 Summer Opportunities in STEM Page 2**

Amgen Scholars U.S. Program: Columbia University	<b>2/1/17</b>	May 30 – August 4	Columbia University	\$4,000 stipend, \$500 in flex and housing on the Morningside campus of Columbia University	U.S. citizen or permanent resident; competitive, with awards based on grades, recommendations and career plans; currently a sophomore, junior, or non-graduating senior at a four-year college or university; No previous research experience is necessary and you do not need to be a biology major to apply. Students are expected to work full-time for the duration of the program.	<a href="http://amgenscholars.com/us-program/university/columbia-university-barnard-college">http://amgenscholars.com/us-program/university/columbia-university-barnard-college</a>	
Amgen Scholars U.S. Program: Harvard University	<b>2/1/17</b>	June 5 – Aug 11	Boston, MA	\$4,500 stipend; Housing at one of the historic residential River Houses of Harvard; travel costs to/from Los Angeles, CA and symposium food and lodging; access to athletic and recreational facilities, Harvard's libraries, and on campus activities, such as presentations, lectures, performances, and so on.	U.S. citizen or permanent resident; Undergraduate students enrolled in accredited four-year colleges or universities (with four quarters or three semesters of college experience), juniors or non-graduating seniors (who are returning in the fall to continue undergraduate studies); interest in pursuing a Ph.D or MD/PhD.	<a href="http://amgenscholars.com/us-program/university/harvard-university">http://amgenscholars.com/us-program/university/harvard-university</a>	
Amgen Scholars U.S. Program: Massachusetts Institute of Technology	<b>2/1/17</b>	June 12 – Aug. 10	MIT	\$4,320 based on hourly wage of \$12; Competitive 20 scholars; 40 hrs./week Housing in a designated MIT residence hall and a \$800 food allowance will also be provided.	U.S. citizen or permanent resident; enrolled in 4-yr colleges and universities; sophomore (w/4 quarters or 3 semesters experience); juniors and non-graduating seniors; Cumulative GPA 3.2 or above; interest in pursuing graduate school (including PhD or MD-PhD).	<a href="http://web.mit.edu/urop/amgen-scholars/">http://web.mit.edu/urop/amgen-scholars/</a>	
Amgen Scholars U.S. Program: National Institutes of Health	<b>2/1/17</b>	June 5 – Aug. 11	Varies	Stipend; housing; travel	U.S. citizens or permanent residents; Be enrolled for Fall 2015 in a four-year college or university; rising junior or senior (including fifth-year seniors). Transfer students from community colleges should contact us for advice on applying to the Community College Summer Enrichment Program; GPA of 3.2 or higher (4.0 scale).	<a href="http://amgenscholars.com/us-program/university/national-institutes-of-health">http://amgenscholars.com/us-program/university/national-institutes-of-health</a>	
Amgen Scholars U.S. Program: Stanford University	<b>2/1/17</b>	June 24 – Aug 26	San Francisco Area	\$3,600 stipend; GRE Test Preparation Course; Professional development workshops; faculty lectures and journal clubs; Guidance in the process of applying to PhD programs; Personalized assistance with graduate school personal statements, CV's, and presentation skills; Summer housing, meals, and travel to and from Stanford; Local outings such as the Santa Cruz Beach Boardwalk and San Francisco.	U.S. citizen or permanent resident; Enrollment in four-year colleges and universities; Sophomore status (with 4 quarters or 3 semesters of college experience), Juniors, and non-graduating seniors who plan to continue undergraduate studies in Fall 2015; Cumulative GPA of 3.2 or above (based on a 4.0 scale); Interest in pursuing graduate school, including a PhD or MD-PhD; Students who, by reason of their culture, class, race, ethnicity, disability, background, work and life experiences, and/or skills and interests would bring diversity (broadly defined) to graduate study in the biomedical and biological sciences.	<a href="http://amgenscholars.com/us-program/university/stanford-university">http://amgenscholars.com/us-program/university/stanford-university</a>	

**Peach State LSAMP 2017 Summer Opportunities in STEM Page 3**

Amgen Scholars U.S. Program: University of California Berkeley	2/1/17	May 29 - August 4	California; No prior participation as an Amgen Scholar (previous Amgen Scholars are ineligible to participate)	\$4,100 stipend; College course credits (transferable UCB research units); Round-trip travel cost; On-campus housing (room and meal plan); Access to UC Berkeley campus facilities; Participation in the National Amgen Scholars Program Symposium at UCLA in July 2015 (all expenses paid); Direct research experience in a UCB faculty member's lab.	U.S. citizens or permanent residents; Be enrolled for Fall 2015 in a four-year college or university; rising junior or senior (including fifth-year seniors). Transfer students from community colleges should contact us for advice on applying to the Community College Summer Enrichment Program; GPA of 3.2 or higher (4.0 scale); freshmen and students enrolled in community colleges are ineligible.	<a href="http://amgenscholars.com/us-program/university/university-of-california-berkeley">http://amgenscholars.com/us-program/university/university-of-california-berkeley</a>	
Amgen Scholars U.S. Program: University of California Los Angeles	2/1/17	June 26 - September 1	Los Angeles; (20 Amgen Scholars. 5 will be undergraduates from UCLA and 15 will be from other 4-year colleges and universities).	\$3600 stipend for 10 weeks; on-campus housing and some meals are provided; travel allowance of up to \$500 is offered to non-UCLA out of state students for travel to/from Los Angeles. Non-UCLA students who reside in California will be offered a travel allowance of up to \$250.	U.S. citizens or U.S. permanent resident; Undergraduates enrolled in four-year colleges and universities in the U.S., Puerto Rico and other U.S. Territories; Sophomores (with 4 quarters or 3 semesters of college experience), Juniors and non-graduating Seniors (who are returning in the fall to continue their undergraduate experience); Cumulative G.P.A. of 3.2 or above; Interested in pursuing a Ph.D. or M.D./Ph.D.	<a href="http://amgenscholars.com/us-program/university/university-of-california-los-angeles">http://amgenscholars.com/us-program/university/university-of-california-los-angeles</a>	
Amgen Scholars U.S. Program: University of California San Francisco	2/1/17	May 30 - August 2	San Francisco	\$ 4,000 stipend; \$500 allowance for travel to and from San Francisco; Housing in San Francisco (double-occupancy); Health insurance coverage; Public transportation pass.	U.S. resident or permanent resident; currently-enrolled undergraduate student. (We cannot accept students who will have earned their bachelor's degree by the end of the spring 2015 quarter.); desire to pursue a PhD in one of the disciplines offered by the UCSF Graduate Division in life/health science; Have completed at least four semesters or six quarters of undergraduate study prior to the beginning of the Summer Program.	<a href="http://amgenscholars.com/us-program/university/university-of-california-san-francisco">http://amgenscholars.com/us-program/university/university-of-california-san-francisco</a>	
Amgen Scholars U.S. Program: Washington University in St. Louis	2/1/17	May 30 - August 5	St. Louis	\$4,000 stipend; housing, travel and many meals throughout the summer; seminars, individualized career counseling, workshops on applying to Ph.D. and M.D./Ph.D. programs, social activities and much more.	U.S. Citizens or U.S. Permanent Residents; Undergraduates enrolled in a four-year college or university in the U.S., Puerto Rico or other U.S. Territory at time of application and participation in the program; Have a cumulative GPA of at least 3.2; · Sophomores with (4 quarters or 3 semesters of college experience), Juniors, and Non-Graduating Seniors (who are returning in the fall to continue their undergraduate studies); · Have an interest in pursuing a Ph.D. or M.D. /Ph.D.	<a href="http://amgenscholars.com/us-program/university/washington-university-in-st-louis">http://amgenscholars.com/us-program/university/washington-university-in-st-louis</a>	
Argonne National Laboratory Lee Teng Undergraduate Fellowship in Accelerator Science	1/13/17	10 weeks	Argonne, IL	Successful candidates will also attend the summer session of the US Particle Accelerator School (USPAS). Students can take lab for undergraduate credit is available. This program includes a generous stipend and all travel expenses.	Currently enrolled full-time at accredited institution and have completed their junior year by Spring of 2015	<a href="http://www.anl.gov/education/undergraduates/internship-opportunities/lee-teng-undergraduate-fellowship-accelerator">http://www.anl.gov/education/undergraduates/internship-opportunities/lee-teng-undergraduate-fellowship-accelerator</a>	

**Peach State LSAMP 2017 Summer Opportunities in STEM Page 4**

Argonne National Laboratory Science Undergraduate Laboratory Internship (SULI)	<b>Varies for Summer, Fall and Spring</b>	10 weeks	Argonne, IL	Participants receive a stipend of \$500 per week and housing OR housing allowance. Apartment type lodging facility is available on site. Transportation costs for participants who travel farther than fifty miles one way will be provided.	U.S. Citizen or U.S. Permanent Resident, currently enrolled full-time at accredited institution and completed at least one year of schooling, undergraduate minimum GPA of 3.0, at least 18 years old	<a href="http://www.anl.gov/education/undergraduates/internship-opportunities/science-undergraduate-laboratory-internship">http://www.anl.gov/education/undergraduates/internship-opportunities/science-undergraduate-laboratory-internship</a>	<a href="mailto:undergrad@anl.gov">undergrad@anl.gov</a>
Argonne National Laboratory Student Research Program (SRP)	<b>Varies for Summer, Fall and Spring</b>		Argonne, IL	Participants receive a stipend of \$500 per week and housing OR housing allowance. Apartment type lodging facility is available on site.	U.S. Citizen or U.S. Permanent Resident, currently enrolled full-time at accredited institution and completed at least one year of schooling, undergraduate minimum GPA of 3.0, at least 18 years old	<a href="http://www.anl.gov/education/undergraduates/internship-opportunities/student-research-participation-program">http://www.anl.gov/education/undergraduates/internship-opportunities/student-research-participation-program</a>	<a href="mailto:undergrad@anl.gov">undergrad@anl.gov</a>
ASPB Summer Undergraduate Research Fellowship (SURF)	<b>3/1/17</b>	July 9-13 present research in Texas	Varies	\$4,000; one-year membership in ASPB; \$700 paid to the mentor or institution for materials and supplies; travel support to Plant Biology 2016.	Full-time undergraduate students in a degree-granting program; students completing their second year are preferred; but well-prepared first- and third-year students may also apply	<a href="https://surf.aspb.org/">https://surf.aspb.org/</a>	
Biomedical Engineering Summer Internship Program (BESIP)	<b>2/9/17</b>	June 1 – Aug. 7	Bethesda, MD	\$6,600 total stipend (base stipend plus supplement); Intern pays for housing from the stipend; The 16 selected interns are typically housed in four two-bedroom, two-bath condominiums in the Bethesda area, with each condo having four interns. The apartments are close to NIH and convenient to public transportation. It is mandatory that the interns live in the designated housing for the full 10 weeks.	U. S. citizen or permanent resident; completed at least three years (6 semesters or 9 quarters) of undergraduate study in a Biomedical Engineering or Bioengineering degree program by the start of the 2015 summer.	<a href="http://www.nibib.nih.gov/training-careers/undergraduate-graduate/biomedical-engineering-summer-internship-program-besip">http://www.nibib.nih.gov/training-careers/undergraduate-graduate/biomedical-engineering-summer-internship-program-besip</a>	
Biophysical Society Summer Course in Biophysics	<b>2/15/17</b>	May 9 - July 29	University of North Carolina School of Medicine	All tuition and fees are covered, and participants receive a stipend for living expenses.	U.S. citizen or permanent resident; strong quantitative background in basic or applied sciences are encouraged to apply	<a href="http://www.biophysics.org/Education/Education/SummerResearchPrograminBiophysics/tabid/5543/Default.aspx">http://www.biophysics.org/Education/Education/SummerResearchPrograminBiophysics/tabid/5543/Default.aspx</a>	
Bridge to Doctorate LSAMP	<b>Dates vary, see link.</b>	For more information please contact Arica Lubin, Ph.D. at <a href="mailto:alubin@cnsi.ucsb.edu">alubin@cnsi.ucsb.edu</a>			Participation in an LSAMP program Bachelor's degree in a STEM field by start of program Minimum 3.0 undergraduate GPA Admission to a UCSB STEM graduate program U.S. Citizen or Permanent Resident	<a href="http://www.calstatela.edu/lsamp/2016-2018-csula-lsamp-bridge-doctorate">http://www.calstatela.edu/lsamp/2016-2018-csula-lsamp-bridge-doctorate</a>	
Brigham and Women's Hospital STARS Program	<b>1/19/17</b>	June 9 – Aug. 7	Boston, MA	Living stipend for food and other necessities; Transportation to and from Boston; Housing for the 8-week period	U.S. citizen or non-citizen with a permanent residence visa; member of an underrepresented minority group; Undergraduate junior or senior, or first-year medical student; Can provide proof of health insurance coverage	<a href="http://cfdd.brighamandwomen.org/events-and-programs/pipeline-programs/bwh-stars-program/">http://cfdd.brighamandwomen.org/events-and-programs/pipeline-programs/bwh-stars-program/</a>	

**Peach State LSAMP 2017 Summer Opportunities in STEM Page 5**

Case Western Reserve Univ. Heart, Lung and Blood Summer Research Program (NHLBI)	<b>2/15/17</b>	Approximately May 31 - August 5, 2016	Cleveland, Ohio	\$1750 per month, minimum two months (\$3500). Students who participate for longer periods will have additional pro-rated stipend support. We will provide up to \$500 in travel expenses from your home to Cleveland (and back!). Some support toward dormitory housing (cost about \$1800) may be available.	Students who belong to groups underrepresented in biomedical sciences are eligible to apply. In general, this includes students who are African American, Latino, Puerto Rican, Pacific Islanders, students from low-income families, or those with disabilities. Please note that you must be a US citizen or Permanent resident to participate.	<a href="http://casemed.case.edu/gradprog/summer.cfm">http://casemed.case.edu/gradprog/summer.cfm</a>	
Case Western Reserve Univ. Pediatrics Program in Summer Undergraduate Research	<b>3/1/16</b>	10 weeks	full time research on biomedical and psychosocial research relating to pediatric disorders, weekly project meetings.	Stipend: contact program manager	Eligibility: Sophomores and above		Contact Information: Connie May, connie.may@case.edu, (216) 368-6896
Case Western Reserve Univ. Summer Undergraduate Research in Pharmacology (ASPET)	<b>1/31/17</b>	May 30 – August 4	Full time research and seminars in molecular pharmacology	\$3,000 stipend; Housing: Lodging, travel funds, and an allotment for food will be provided.	Successful applicants should have strong academic records and have completed at least one laboratory course prior to application. Previous experience performing independent laboratory research is not required. Those students entering their junior or senior year are given preference.	<a href="http://pharmacology.case.edu/education/surp.aspx">http://pharmacology.case.edu/education/surp.aspx</a>	
CEMITURE (Collaborative Multidisciplinary Investigations through Undergraduate Research Experiences)	<b>1/20/2017 OR 2/24/2017</b>	May 18 – July 24	Georgia Southern University in Statesboro, GA	\$5,000 stipend; housing and meal plans provided; international research in Ghana; professional development and networking.	U.S. citizen or permanent resident; Undergraduate student	<a href="https://cosm.georgiasouthern.edu/reu/">https://cosm.georgiasouthern.edu/reu/</a>	E-mail: cemiture@georgiasouthern.edu
Center for Coastal Margin Observation & Prediction (CMOP)	<b>2/28/17</b>	Varies:	Oregon Health & Science University	\$4,600; housing available for out of state students	Undergraduate freshmen, sophomores, juniors, and seniors with backgrounds and majors in biology, chemistry, computer science, engineering, environmental science, mathematics, physics, and others.	<a href="http://www.stccmop.org/education/undergraduate">http://www.stccmop.org/education/undergraduate</a>	
Center for Energy Efficient Electronics Science (E3S)	<b>1/27/17</b>	June 3 – Aug. 5	Berkeley, CA	\$4,000 stipend plus room and board; Travel allowance (up to \$600); Graduate school advising and subsidized GRE prep course; Guest speakers, lab tours, and field trips.	U.S. citizen or permanent residency; Sophomores, juniors, and non-graduating seniors enrolled in four year colleges and universities in the United States; Engineering and Physical Science majors	<a href="http://www.e3s-center.org/education/edu-ugrad-appl.htm">http://www.e3s-center.org/education/edu-ugrad-appl.htm</a>	
Massachusetts Institute of Technology (MIT) Center for Materials Science and Engineering and the Materials Processing Center	<b>2/10/17</b>	June 8 – Aug 8	MIT (Massachusetts Institute of Technology);	\$6,500 stipend and round-trip airfare;	U.S. citizen or permanent resident; UG student who will enter their junior or senior year of study in the fall or 2015. Women and members of other underrepresented groups are encouraged to apply; highly competitive.	<a href="http://mpc-www.mit.edu">http://mpc-www.mit.edu</a>	
Center for Translational and Basic Research (CTBR) Summer Research Program for UGs	<b>2/1/2017 (by 5pm)</b>	June – Aug. 8-week program	CUNY IN NYC	Stipend not specified;	U.S. citizen; current college student; GPA 3.0; major in biology, chemistry, biopsychology, biophysics, biotechnology or another biomedical research area; have completed at least one year of coursework in their major prior to joining SPUR	<a href="http://ctbr.hunter.cuny.edu/content/about-spur">http://ctbr.hunter.cuny.edu/content/about-spur</a>	

**Peach State LSAMP 2017 Summer Opportunities in STEM Page 6**

Centers for Disease Control and Prevention (CDC) <i>Various Research Opportunities</i>	<b>Refer to website</b>		Various Research Opportunities.	\$2,700 per month for full-time undergraduate student fellows and \$3,300 for full-time graduate student fellows.	Current undergraduate and graduate students majoring in chemistry or biology and who have completed or expect to complete three years of coursework in chemistry or biology before the start of the fellowship may apply. Generally, participants are not required to hold U.S. citizenship. However, a few CDC offices may only appoint U.S. citizens due to the sensitive nature of the research performed.	<a href="http://orise.orau.gov/cdc">http://orise.orau.gov/cdc</a> .	
CHOP Research Institute Summer Scholars Programs	<b>1/31/17</b>	June 5 - August 11	University of Pennsylvania	\$4,000 stipend and free housing	Are currently enrolled full-time in a 4 year accredited college or university at the time of application Have a minimum 3.3 overall GPA Are interested in research related to child health and wellness Are U.S. citizens or legal permanent residents	<a href="http://crissp.research.chop.edu">http://crissp.research.chop.edu</a> /	
CIC SROP –Committee on Institutional Cooperation Summer Research Opportunities Program (in its 27 <sup>th</sup> Year)	<b>2/10/17</b>	Varies by selected Institution.	Univ. of Chicago;	All-expenses paid plus stipend; study in your field of choice; housing & transportation; faculty-mentored research; enrichment workshops and conference participation.	U.S. citizen or permanent resident; GPA 3.0 or higher; enrolled in a degree granting program; completed at least two semesters or undergraduate education; strong interest in pursuing a Ph.D.; NOT for student pursuing professional degrees such as law, medicine, MBA	<a href="http://www.cic.net/students/srop/introduction">http://www.cic.net/students/srop/introduction</a>	
Cincinnati Children's Hospital (CCHMC SURF)	<b>2/1/17</b>	May 30th or June 5th depending on their availability and the approval of their mentor.	Applicants are encouraged to specify their areas of research interest and / or specific mentors they wish to work with.	\$4,000 approx.,	U.S. citizen or permanent resident; Freshman, sophomore and junior undergraduates and outstanding high school students in their junior or senior year (with a 3.0 or better GPA) are eligible to apply to the SURF Program; interest in a career in biomedical research or medicine. Criteria for selection include academic record, answers to essay questions and interest in obtaining research experience.	<a href="http://www.cincinnatichildrens.org/education/research/surf/default/">http://www.cincinnatichildrens.org/education/research/surf/default/</a>	
Colorado Center for Biorefining and Biofuels REU Program	<b>1/31/17</b>		University of Colorado at Boulder	Stipend not specified	U.S. citizen or permanent resident; sophomore or junior; currently enrolled in a degree-seeking program at the time of program participation	<a href="http://www.c2b2web.org/71jobsUnd_REU.php">http://www.c2b2web.org/71jobsUnd_REU.php</a>	
Colorado State University REU SITE in Climate Science	<b>2/3/17</b>	May 22 - July 28	Colorado State University	Provided, specific amount not specified	Be a US citizen, have completed at least two years of college, have a cumulative GPA of 3.9 or higher, have an interest in learning about climate and weather, have a major in atmospheric science or a related field, be considering a career in atmospheric science or related field	<a href="http://kiwi.atmos.colostate.edu/esmei/reu.html">http://kiwi.atmos.colostate.edu/esmei/reu.html</a>	
Columbia University Materials Research Science and Engineering Center REU	<b>2/15/17</b>	May 31 - July 29		The stipend for 2016 is expected to be \$4,000 given incrementally throughout the 9 weeks. It may be used for food and recreation. You will not be paying for housing.	Prospective REU participants must complete the online application; upload all college transcripts as well as two letters of recommendation. No prior research experience is required. Students must be entering their sophomore, junior, or senior years of college – no graduating seniors, please!	<a href="http://mrsec.columbia.edu/reu">http://mrsec.columbia.edu/reu</a>	

**Peach State LSAMP 2017 Summer Opportunities in STEM Page 7**

Columbia University Medical Center – Summer Medical and Dental Education Program (SMDEP)	3/1/17	June 17 - July 29	Hosted at 12 Institutions across the nation	Funded but stipend not specified;	U.S. citizen; Freshman or Sophomore college student OR a community college student; economically disadvantaged background; historically underrepresented racial or ethnic group; GPA 2.5	<a href="http://www.smdep.org">www.smdep.org</a>	
Columbus State University TSYS School of Computer Science NSF CISE REU		May 30 - July 26		stipend of \$4000 plus travel, meals, and on campus housing.	students must be US citizens or permanent residents enrolled at an accredited higher learning institution (including two-year institutions) majoring in undergraduate computer science or computer science-related fields including mathematics, and who have taken relevant coursework in programming. Students must be at least in their second year of their academic studies.	<a href="http://www.reucusu.org/">http://www.reucusu.org/</a>	
Committee on Institutional Cooperation Undergraduate Scholars Program	2/10/17				Have a cumulative GPA of 3.0 or higher (4.0 scale) Be a citizen or a permanent resident of the U.S. Be enrolled in a degree-granting program at a college or university in the United States, Puerto Rico, or other U.S. territory Have completed at least two semesters of undergraduate education by the time of the summer experience Have at least one semester of undergraduate education remaining after completing the summer research experience Have a strong interest in pursuing a Ph.D.	<a href="http://www.cic.net/students/srop/introduction">http://www.cic.net/students/srop/introduction</a>	
Cornell University College of Engineering REU	2/15/17	June 11 - August 11	Ithaca, NY	\$4,000 stipend; round-trip travel stipend up to \$300 for students outside of Ithaca NY; DBL room in a residential hall; campus bus pass or a campus parking pass; access to state-of-the-art laboratories, libraries, computer/study lounges, etc.	U.S. citizen or permanent resident; and African American, Hispanic / Latino(a), American Indian/Alaska Native, or Native Hawaiian/Pacific Islander; good academic standing, GPA of 3.0 or better; completed at least two semesters of college by the start of the Summer Research Program; at least two semesters remaining of their undergraduate education; Majoring in a STEM discipline.	<a href="http://www.engineering.cornell.edu/diversity/summer/lsamp.cfm">http://www.engineering.cornell.edu/diversity/summer/lsamp.cfm</a>	
Delaware State University OSCAR Program	2/28/17	June 5 - July 28	Dover, Delaware	\$3,000 Stipend plus Room & Board; State-of-the-art-research laboratories	U.S. citizen or permanent resident; Majors: Physics, engineering, mathematics, computer science, information technology, or chemistry; rising 2 <sup>nd</sup> -4 <sup>th</sup> year college student; 3.0 GPA	<a href="https://oscar.desu.edu/programs/summer/">https://oscar.desu.edu/programs/summer/</a>	
DOE Scholars Program	12/15/16			Undergraduate student – minimum of \$600 per week		<a href="https://www.zintellect.com/Posting/Details/2646">https://www.zintellect.com/Posting/Details/2646</a>	
Dr. James A. Ferguson Emerging Infectious Diseases Fellowship	1/29/17		Baltimore, MD Kennedy Krieger Institute	Graduate and post-graduate student - - minimum of \$650 per week	Currently enrolled as a full-time student in a medical, dental, pharmacy, veterinary, or public health graduate program; able to commit to the full length of the fellowship; strong interest in addressing health disparities; members of under-represented populations encourage to apply.	<a href="https://www.kennedykrieger.org/professional-training/professional-training-programs/center-for-diversity/ferguson-fellowship">https://www.kennedykrieger.org/professional-training/professional-training-programs/center-for-diversity/ferguson-fellowship</a>	

**Peach State LSAMP 2017 Summer Opportunities in STEM Page 8**

Duke University Electrical and Computer Engineering REU	<b>1/31/17</b>	May 24 - July 25	North Carolina	§ \$4,200 stipend; Travel: Up to \$400 domestic travel; up to \$800 international travel; § Housing: Shared apartments are provided in Duke's Central Campus Apartments; § Food budget: \$175	Domestic and international students are invited to apply; designed for students who are juniors in Spring 2015, but exceptional sophomores will also be considered; Students should be majoring in ECE or a related discipline relevant to their area of research interest.	<a href="http://www.ece.duke.edu/reu">http://www.ece.duke.edu/reu</a>	
Duke University Marine Lab	<b>2/15/17</b>	June 1 - Aug. 7	Beaufort, NC	§ Stipend provided; Students will receive housing and meals at the Duke Marine Lab in addition to a stipend and travel allowance.	U.S. citizen or permanent resident; rising sophomore, junior or senior enrolled in a baccalaureate degree program. Underrepresented groups in the marine sciences (i.e., Native Americans, Alaskan Natives, African Americans, Latino / Hispanics and Pacific Islanders) encouraged to apply.	<a href="http://www.nicholas.duke.edu/marinelab/programs/undergraduate/reu.html">http://www.nicholas.duke.edu/marinelab/programs/undergraduate/reu.html</a>	
Duke University Materials Research Science and Engineering Center	<b>3/1/17</b>	§ Students arrive: May 24-25	North Carolina - Duke University or North Carolina State	§ \$4,200 stipend; up to \$400 travel cost; 9 weeks housing on Duke's or North Carolina State University's campus	U.S. citizen or permanent resident; must have health insurance coverage. Students entering their junior or senior year will be given preference, but exceptional entering sophomores will be considered.	<a href="http://mrsec.duke.edu/reu">http://mrsec.duke.edu/reu</a>	
Duke University Research Experiences for Undergraduates (REU) for Increasing Diversity	<b>Dates Vary</b>		Pratt School of Engineering on the Duke University Campus			<a href="http://www.pratt.duke.edu/reu/absher">http://www.pratt.duke.edu/reu/absher</a>	
Duke University Summer Research Opportunity Program	<b>1/26/17</b>	May 26 - Aug. 1	Durham, NC	§ Competitive stipend; on-campus apartment; travel assistance; food allowance.	U.S. citizen or permanent resident; undergraduate; students considering to join a PhD program.	<a href="https://gradschool.duke.edu/student-life/diversity/diversity-programs-and-events/duke-summer-research-opportunity-program">https://gradschool.duke.edu/student-life/diversity/diversity-programs-and-events/duke-summer-research-opportunity-program</a>	
Earth System Modeling and Education Institute REU	<b>2/3/17</b>	May 22 - July 28	Colorado State University	a ten week research experience stipend professional development training roundtrip airfare furnished and paid housing funded travel to present at a scientific meeting	be a U.S. citizen have completed at least two years of college have a cumulative GPA of 3.0 or higher have an interest in learning about climate and weather have a major in atmospheric science or a related field such as meteorology, geosciences, chemistry, computer science, earth science, engineering, environmental science, mathematics or physics be considering a career in atmospheric science or related field	<a href="http://kiwi.atmos.colostate.edu/esmei/reu.html">http://kiwi.atmos.colostate.edu/esmei/reu.html</a>	
Emory University Research in Natural and Biomedical Sciences	<b>1/27/17</b>	May 30 - August 3	Atlanta, GA	Funding options available on application	U.S. citizen or permanent resident; no funding available for International students; targeted for sophomores, juniors, and seniors (no graduating seniors)	<a href="http://college.emory.edu/undergraduate-research/summer-programs/natural-biomedical-sciences/index.html">http://college.emory.edu/undergraduate-research/summer-programs/natural-biomedical-sciences/index.html</a>	

**Peach State LSAMP 2017 Summer Opportunities in STEM Page 9**

Florida International University Security of Smart Things REU	<b>3/20/17</b>	June 1- July 30		Each participating undergraduate student will receive an award of \$2000 per month in addition to FIU on-campus housing, meals, materials costs and a travel allowance of \$750.	Undergraduate students majoring in a science or engineering discipline. High school graduates who have been accepted at an undergraduate institution but who have not yet started their undergraduate study are also eligible to participate. Students must be U.S. Citizen or permanent resident Students should have a minimum of 3.25 GPA.	<a href="https://sst-reu.fiu.edu/">https://sst-reu.fiu.edu/</a>	
Florida Science Training and Research Fellowship Program (F-STAR)	<b>2/13/17</b>	June 5 -July 27		Travel Assistance: Up to \$300, based on need, for students living outside Housing: FIU Dormitory Meals: Student meal plan Stipend: Four installments (the first provided the second week of program and every two weeks after until program concludes	Interest in attending medical school 3.0 Overall GPA. Completed less than 24 college credits Completed two semesters of college (full-time) by June 2017 at a partner institution Have taken the SAT and/or ACT exams Access to a computer U.S. Citizen or Permanent Resident At least 18 years of age by June 2017	<a href="http://f-star.admissions.medicine.fiu.edu/Home/Index">http://f-star.admissions.medicine.fiu.edu/Home/Index</a>	
Genome Sciences Summer Research Program for Undergraduates	<b>2/1/17</b>		University of Washington	\$3000; paid room and board, paid travel for those outside Seattle area.	US citizens or permanent residents; members of a group that is underrepresented nationally in the biomedical sciences	<a href="http://www.gs.washington.edu/academics/summer/gsummer/apply.htm">http://www.gs.washington.edu/academics/summer/gsummer/apply.htm</a>	
Georgia Health Sciences University (formerly Medical College of Georgia) – College of Graduate Studies – Summer STAR Program	<b>2/12/17</b>	May 22 – July 21	Augusta, GA	<b>\$4,500 salary before taxes;</b> Participants will be responsible for travel, meals, housing and other personal expenses.	U.S. citizen or permanent resident OR international student enrolled in a U.S. college or university and holding a student non-immigrant visa; 18 years or older by start of the STAR session; Completed freshman year; an year in college; GPA of 3.0 overall and in science courses; Proof of current Health Insurance Coverage that extends through the duration of the program; Proof of current social security number/card for employment purposes.	<a href="http://www.gru.edu/gradstudies/star/">http://www.gru.edu/gradstudies/star/</a>	
Georgia Institute of Technology College of Engineering Summer Undergraduate Research in Engineering/Sciences (SURE)	<b>3/1/17</b>	May 21 - July 29			Rising juniors and rising seniors (who will not have graduated by May 2016) in a computing, engineering, science, or other technology major. Should have a cumulative GPA of 2.75 or better. Should have not yet completed a Bachelor's degree. Must be a U.S. citizen or permanent resident Women, underrepresented minorities, as well as students with community college experience or those attending institutions with limited opportunities for undergraduate research, are encouraged to apply.	<a href="http://www.sure.gatech.edu/">http://www.sure.gatech.edu/</a>	
Georgia Institute of Technology REVAMP (Research Experience for Student Veterans in Advanced Manufacturing & Entrepreneurship)	<b>2/22/17</b>	May 26 – July 31	Georgia Institute of Technology campus	· \$5,000 stipend; On-campus housing ; \$500 support towards travel; Professional development; · Hands-on manufacturing research; Leadership skills; Entrepreneurship training; Conference opportunities	U.S. citizen or permanent resident; Undergraduates of all STEM majors; Student veterans and underrepresented groups in STEM fields are highly encouraged to apply.	<a href="http://www.manufacturing.gatech.edu/revamp-nsf-reu">http://www.manufacturing.gatech.edu/revamp-nsf-reu</a>	

**Peach State LSAMP 2017 Summer Opportunities in STEM Page 10**

Georgia Institute of Technology Summer Undergraduate Research in Engineering (SURE) - Robotics	2/25/17	May 26 – July 31	Georgia Institute of Technology	\$5,000 stipend/40 hrs; housing; subsistence;	Juniors or seniors with min GPA 3.0	<a href="http://www.sure.robotics.gatech.edu/overview">http://www.sure.robotics.gatech.edu/overview</a>	
Global Environment Microbiology (GEM) Summer Course	2/1/17	June 11 – June 30	2017 hands-on course will be three weeks (June 11-30). Students will spend the first part of the course at the University of Southern California campus in Los Angeles, California and the remaining time at the Wrigley Marine Science Center on Santa Catalina Island	Course expenses, travel, room and board are paid for by C-DEBI.	U.S. citizen or permanent resident; Interested in a science career and willing to explore scientific research; Flexible, open to new experiences and able to commit to attending the course; Completed at least 1 semester-long science course at a 2 or 4-year college/university (biology, chemistry, physics, geology, etc.),	<a href="http://www.darkenergybiosphere.org/education/undergrads/GEMcourse.html">http://www.darkenergybiosphere.org/education/undergrads/GEMcourse.html</a>	
Harvard School of Public Health Summer Program in Epidemiology	2/23/17	June 11 – July 16	The program is for students interested in pursuing the following degree types: Master of Science (MS), Doctor of Philosophy (PhD), or Doctor of Science (ScD).	Summer salary, housing, and funded travel.	U.S. citizen or permanent resident; quantitative science background; interest in public health; from an underrepresented group (people with disabilities, ethnic minorities, female, low income threshold).	<a href="http://www.hsph.harvard.edu/epidemiology/diversity/summer-program-in-epidemiology/">http://www.hsph.harvard.edu/epidemiology/diversity/summer-program-in-epidemiology/</a>	
Indiana University Center for the Integrative Study of Animal Behavior Summer Research Experience for Undergraduates	Check website	May 22 - July 29	Bloomington, IN	\$4,500 stipend; A single occupancy room in the Ashton Residence Center; basic meal plan for on-campus dining; Travel expenses	U.S. citizen or permanent resident; must be enrolled as undergraduate students during REU program; must not attend classes or hold outside employment	<a href="https://animalbehavior.indiana.edu/research/reu/reu-applications.html">https://animalbehavior.indiana.edu/research/reu/reu-applications.html</a>	

**Peach State LSAMP 2017 Summer Opportunities in STEM Page 11**

Indiana University Department of Chemistry Summer Research Experience for Undergraduates	<b>1/15/17</b>				You must be an undergraduate student attending a two-year or four-year accredited college, having completed at least your freshman year before participating in our REU. High school students are not eligible. You must be a US Citizen or Permanent Resident of the United States. You must be 18 years of age or older. You must not be graduating with a four year degree before the end of the REU Program. Have a minimum GPA of 3.00	<a href="http://chem.indiana.edu/reu/index.asp">http://chem.indiana.edu/reu/index.asp</a>	
Injury Science Research Experience for Undergraduates	<b>1/31/17</b>	June 1 – Aug. 7	Bloomington, IN	\$5,000 (contingent upon funding); \$500 in reimbursement for travel to and from Philadelphia for the program or to a conference to present his or her research (Contingent upon funding); Some housing scholarships may be available. These scholarships are contingent upon funding.; An additional award will be set aside for a research competition.	U.S. citizen or permanent resident; 3.0 GPA; 1 math and 1 science course completed by June 1, 2015; 1 year college completed by June 1, 2015; Anticipated graduation: After August 7, 2015	<a href="http://injury.research.chop.edu/training-opportunities/reu#.Um7MS3Ckoka">http://injury.research.chop.edu/training-opportunities/reu#.Um7MS3Ckoka</a>	
Johns Hopkins University 2017 REU Program in Computational Sensing and Medical Robotics	<b>2/17/17</b>	May 29, 2017- August 4, 2017	Baltimore, MD	The REU program in Computational Sensing and Medical Robotics(CSMR) is an intensive, ten-week program of laboratory research and instruction, beginning end of May and concluding in early August. Projects are listed by departments including Electrical and Computer Engineering, Mechanical Engineering, Biomedical Engineering and Computer Science. Stipend for 10 weeks- \$5000.		<a href="http://lcsr.jhu.edu/reu/">http://lcsr.jhu.edu/reu/</a>	
Kennedy Krieger Institute RISE Program – MCHC/RISE- UP Program	<b>1/29/17</b>	June 2- August 4	The Kennedy Krieger Institute and University of South Dakota	\$3,500 stipend; Housing and round-trip travel for out-of-state scholars are also available. All program activities are contingent on CDC funding.	Students interested in addressing health disparities; Program ultimate goal is to promote a more diversified and equal health system by introducing highly qualified undergraduate scholars (juniors and seniors with a GPA 2.5 or better on a 4.0 scale; and students who received their baccalaureate degree within 12 months of MCHC/RISE-UP program orientation), especially those from underrepresented populations, to the field of public health.	<a href="https://www.kennedykrieger.org/professional-training/professional-training-programs/center-for-diversity/mchc-rise-up">https://www.kennedykrieger.org/professional-training/professional-training-programs/center-for-diversity/mchc-rise-up</a>	
MAOP Undergraduate Summer Research Internship (SRI)	<b>2/28/17</b>	May 22 - July 28, 2017	Virginia Tech	3,000; Free on-campus room and board; Free and mandatory ten-week GRE test preparation class	U.S. citizen or permanent resident	<a href="http://www.maop.vt.edu/Undergraduate_programs/summer_research.html">http://www.maop.vt.edu/Undergraduate_programs/summer_research.html</a>	

**Peach State LSAMP 2017 Summer Opportunities in STEM Page 12**

Marshall University Biomedical Sciences Summer Research Internship for Minority Students	<b>2/10/17</b>	May 30 – July 27		\$3,000 stipend ; free room and board, as well as assistance with travel.	U.S. citizen or permanent resident; or valid green card; Applicant must be of an underrepresented ethnic minority group in the biomedical sciences (e.g. African American, Alaskan Native, Hispanic American, American Indian/Native American and Native of the U.S. Pacific Islands); Academic record, particularly in science Courses; Laboratory experience; Stated interest in biomedical research and career goals, and why you would like to participate in the program	<a href="http://www.marshall.edu/bms/future-students/summer-research-internship/">http://www.marshall.edu/bms/future-students/summer-research-internship/</a>	
Massachusetts Institute of Technology (MIT) Department of Biology and Department of Brain & Cognitive Sciences Summer Training Program	<b>1/30/17</b>	June 4 – Aug. 12	Massachusetts	Stipend weekly; Campus housing; Travel allowance to and from MIT (domestic travel only); An MIT email account; Subsidized pass to the athletic facilities;	Current sophomores or juniors who have successfully completed introductory courses in the biological sciences (Seniors in a 5-year program are also eligible); Maintain a minimum 3.5 GPA in the science courses; Have demonstrated an interest in basic research and in a career in the sciences.	<a href="https://biology.mit.edu/outreach_initiatives/UG_summer_internship">https://biology.mit.edu/outreach_initiatives/UG_summer_internship</a>	
Massachusetts Institute of Technology (MIT) Summer Research Program (MSRP)	<b>2/1/17</b>	June 4 – Aug. 12	Massachusetts	A weekly stipend Round trip travel expenses University housing (students are responsible for their food expenses) Access to campus facilities (library, athletic, and health facilities)	Must be enrolled full-time in a degree- granting program at a US institution (located in the US or its territories) Attend an undergraduate institution other than MIT Must be an undergraduate: Sophomore (who has completed four semesters of actual college course work) by June 2017 or Junior or Senior who will not be graduating in the spring or summer of 2017 Have a genuine interest in research and obtaining a PhD Have a grade point average of 3.5 (on a 4.0 scale) or higher African American, Hispanic, Native American, Native Hawaiian & Pacific Islander, first- generation students, and students from low socioeconomic backgrounds are strongly encouraged to apply International students enrolled full-time in a degree-granting program at a US institution are eligible to apply. Students who will receive their bachelor's degree at an institution outside of the US and exchange students are NOT eligible to apply.	<a href="http://odg.mit.edu/undergraduate/msrp/">http://odg.mit.edu/undergraduate/msrp/</a>	
McDonnell Genome Institute Undergraduate Biology Education Research (UBER)	<b>2/10/17</b>	May 31 - August 2	Washington University St. Louis	Stipend not specified	U.S. citizen or permanent resident	<a href="http://genome.wustl.edu/outreach/programs/">http://genome.wustl.edu/outreach/programs/</a>	

**Peach State LSAMP 2017 Summer Opportunities in STEM Page 13**

Mentoring Summer Research Internship Program	3/31/17	June 26 – Aug. 18	University of California, Riverdale	\$3,000 stipend (generally); Room and board (as appropriate);	U.S. citizen or permanent resident; Students from four-year institutions who are entering their Junior or Senior years or first- year master's students enrolling at UCR in the fall; Students interested in pursuing a graduate degree (i.e., master's, doctoral); First generation college students, those from socioeconomic hardship backgrounds, Undergraduates must be enrolled full-time at four-year colleges or universities.	<a href="http://graduate.ucr.edu/msrip.html">http://graduate.ucr.edu/msrip.html</a>	
Michigan State University Plant Genomics	2/8/17	May 21 – July 29	East Lansing, MI	\$5,250 stipend; housing; meals on campus; travel assistance	U.S. citizen or permanent resident; enrolled in a degree-granting program with a relevant major; entering sophomore year or later; these are full time positions (students should not work).	<a href="http://www.plantgenomics.msu.edu/internships/undergrads.html">http://www.plantgenomics.msu.edu/internships/undergrads.html</a>	
Minority Access Inc National Diversity & Inclusion Internship Program	3/1/17	First week of June and ends the first week of August.	Hyattsville, MD	Stipend not specified	U.S. citizen or permanent resident; Must be willing to travel to the internship site; Must be available to work full-time during the summer internship period; Must be a sophomore, junior, senior, graduate or professional	<a href="http://www.minorityaccess.org/ndiip.html">http://www.minorityaccess.org/ndiip.html</a>	
Morehouse College – Project IMHOTEP Summer Program	1/31/17	May 15 - July 28	Atlanta, GA	\$3,500 stipend; lodging and travel to and from their site location and city of origin.	U.S. citizen or permanent resident; must be a junior, senior, or recent graduate (within one year) of an undergraduate institution.	<a href="http://www.morehouse.edu/centers/psi/grants-imhotep.html">http://www.morehouse.edu/centers/psi/grants-imhotep.html</a>	
NASA Airborne Science Program (SARP)	2/1/17	June 18 - August 11	Palmdale, CA at NASA's Dryden Aircraft Operations Facility;	SARP participants will receive a \$5,000 stipend, a travel allowance, and free housing and local transportation during the 8-week program.	U.S. Citizen	<a href="https://earthscience.arc.nasa.gov/nsrc/content/National_Suborbital_Research_Center_SARP_2017">https://earthscience.arc.nasa.gov/nsrc/content/National_Suborbital_Research_Center_SARP_2017</a>	
NASA Develop Sciences Program	2/17/17	June 5 - August 11			At least 18 years of age, ability to provide personal transportation to and from the DEVELOP location, strong interest in Earth science and remote sensing, U.S. citizenship is required to apply to DEVELOP locations at NASA Centers	<a href="https://develop.larc.nasa.gov/apply.php">https://develop.larc.nasa.gov/apply.php</a>	
NASA Lewis' Educational and Research Collaborative Internship Project	Varies for Summer, Fall and Spring	Fall: Aug. 29 - Dec 16, Spring: Jan. 9 April 28, Summer: June 5 - Aug 11 OR June 12 - Aug. 18	Cleveland, Ohio	Stipends are based on students' academic levels at start of their internships. Undergraduate stipend - \$6,000; Graduate stipend - \$7,500; Teacher stipend - \$10,000.  LERCIP does not provide any housing allocation. Participants are responsible for arranging their own housing and transportation. The program provides a one time travel reimbursement of up to \$500 dollars to selected applicants who, also, are eligible for the reimbursement.	an applicant must be a U.S citizen with 3.0 GPA, and either a full-time student pursuing a baccalaureate or higher degree in a STEM or business-related field at an accredited college/university throughout the U.S and Puerto Rico, or attending an accredited 2-year college/university, or a College-bound graduate (high school senior). A selected student must begin internship on one of the scheduled start dates listed below.	<a href="http://www.nasa.gov/content/lewis-educational-and-research-collaborative-internship-project">http://www.nasa.gov/content/lewis-educational-and-research-collaborative-internship-project</a>	
Nathan Schnaper Summer Intern Program in Cancer Research (NSIP)	2/15/17	End of May - end of July	University of Maryland School of Medicine	Stipend not specified; 12-14 internships awarded per summer	U.S. citizen or permanent resident; Underrepresented minorities are encouraged to apply	<a href="http://www.umgcc.org/research/summer_internships.htm">http://www.umgcc.org/research/summer_internships.htm</a>	

**Peach State LSAMP 2017 Summer Opportunities in STEM Page 14**

National Centers for Environmental Prediction (NCEP) Summer Student Internship Program	<b>2/6/17</b>	10 weeks	College Park, MD	Internship stipend (\$5000) Furnished housing Travel allowance to get to and from College Park, MD	Must be enrolled in an undergraduate or graduate degree program, and be a U.S. Citizen willing to undergo a security background check.  Students from the following majors are welcome to apply: math, physics, meteorology, atmospheric and climate science, computer science, engineering, and social science.	<a href="http://www.ncep.noaa.gov/student-internships/?utm_content=&amp;utm_medium=email&amp;utm_name=&amp;utm_source=govdelivery&amp;utm_term=">http://www.ncep.noaa.gov/student-internships/?utm_content=&amp;utm_medium=email&amp;utm_name=&amp;utm_source=govdelivery&amp;utm_term=</a>	
National Eye-Institute (NEI)	<b>3/1/17</b>	Students usually arrive in May or June	NIH campus in Bethesda, MD.	Stipends for trainees are adjusted yearly; the level depends on education completed prior to starting at the NIH. Refer to link:	U.S. citizen or permanent resident; Students 16 years of age and older who are enrolled at least half time in high school or in an accredited U.S. college or university; Completed course work relevant to biomedical, behavioral, or statistical research; Cumulative grade point average (GPA) or science course GPA of 3.2 or better on a 4.0 scale.	<a href="http://www.training.nih.gov/programs/sip">www.training.nih.gov/programs/sip</a>	
National Heart, Lung, and Blood Institute: Biomedical Research Training Program for Individuals from Underrepresented Groups	<b>1/19/17</b>		Bethesda, MD		have recently completed or will complete a bachelor's degree by the summer of selection; must have completed academic training in course work relevant to biomedical, behavioral or statistical research; have a cumulative grade point average (GPA) of 3.3 or better on a 4.0 scale, or 4.3 or better on a 5.0 scale; and be U.S. citizen or permanent resident.	<a href="http://www.nhlbi.nih.gov/research/training/programs/biomed-train-underrepresented-groups">http://www.nhlbi.nih.gov/research/training/programs/biomed-train-underrepresented-groups</a>	
National High Magnetic Field Laboratory Research Experience for Undergraduates	<b>3/3/17</b>	May 30 - Aug. 4	Tallahassee, FL	Each student accepted by the program receives a stipend and, if necessary, a travel stipend of up to \$600. Housing is also covered by the program.	The program offers a wide range of research experiences in physics, chemistry, biological sciences, geochemistry, materials science and magnet science and engineering. Participants work closely with faculty mentors and are thoroughly integrated into research and development activities. Students also participate in weekly seminars and colloquia that broaden their knowledge of Magnet Lab research.	<a href="https://nationalmaglab.org/education/college-students-early-career-scientists/reu">https://nationalmaglab.org/education/college-students-early-career-scientists/reu</a>	
National Human Genome Research Internship Summer Internship Program in Biomedical Research	<b>3/1/17</b>	Usually begins May or June	Applications are considered on a rolling basis.	Students earn a monthly stipend, depending on their educational level. Students are responsible for travel expenses and making their own housing arrangements. Information on local housing options is provided to all students upon their admission to the Summer Internship Program.	U.S. citizen or permanent resident; at least 16 years of age; Enrolled at least half-time in high school or college. Graduating high school seniors must provide a letter of admission from the college that they will be attending the following fall.	<a href="http://www.genome.gov/10000218">http://www.genome.gov/10000218</a>	
National Institute for Mathematical and Biological Synthesis (NIMBioS)	<b>2/15/17</b>	June 5 - July 28	Knoxville, TN	Stipend, apartment-style housing, travel support to Knoxville, and more. U.S. high school math and biology teachers and pre-service teachers are also encouraged to apply.	U.S. citizen or permanent resident or students on a visa status that allow them to work in the U.S. for this paid internship program (no exceptions).; Students enrolled in an undergraduate program and not scheduled to graduate prior to August 1, 2015 may apply. International students enrolled at undergraduate institutions within the U.S. are welcome.	<a href="http://www.nimbios.org/reu/reu.html">http://www.nimbios.org/reu/reu.html</a>	

Peach State LSAMP 2017 Summer Opportunities in STEM Page 15

National Institute of Health Undergraduate Scholarship Program (UGSP)	3/14/17	10 weeks	You will also attend formal seminars and participate in a variety of programs. After graduation, you will continue your training as a full-time employee in an NIH research laboratory. You must serve 1 year of full-time employment for each year of scholarship.	Up to \$20,000 per academic year in tuition, educational expenses, and reasonable living expenses to scholarship recipients. Scholarships are awarded for 1 year, and can be renewed up to 4 years.	U.S. citizen or permanent resident; Enrolled or accepted for enrollment as a full-time student at an accredited 4-year undergraduate institution located in the United States of America; Undergraduate University Grade Point Average of 3.3 or higher on a 4.0-point scale or within the top 5 percent of your class; Having "exceptional financial need" as certified by your undergraduate institution financial aid office. You are not eligible for the UGSP if any one of the following items pertains to you, You are: a high school senior; have been awarded an undergraduate degree; enrolled in an advanced degree program, such as a master's degree; unable to fulfill the payback requirements.	<a href="https://www.training.nih.gov/programs/ugsp">https://www.training.nih.gov/programs/ugsp</a>	
National Institute of Health Summer Internship Program (SIP)	3/1/17			The stipends for trainees are adjusted yearly; the level depends on education completed prior to starting at the NIH	To be eligible, candidates must be U.S. citizens or permanent residents. U.S. citizens may apply if they are enrolled at least half-time in high school or an accredited college or university as undergraduate, graduate, or professional students. Students who have been accepted into an accredited college or university program may also apply. Permanent residents must be enrolled in or have been accepted into a high school or an accredited institution or higher education in the U.S. to be eligible.	<a href="https://www.training.nih.gov/programs/sip">https://www.training.nih.gov/programs/sip</a>	
Naval Research Laboratory Summer Research Program for HBCU/MI Undergraduates	1/15/17	May 30 – August 4	Alexandria, VA	\$810 per week stipend (not to exceed \$8,100); travel allowance up to \$600. Housing is made available to selected interns. Intern housing location will be the Residence Inn, Alexandria, VA – double occupancy; Subsidized cost per intern (approx. \$250/week for full 10-week period)	U.S. citizen or permanent resident; fluent in English and be enrolled at a Historically Black College or University, Minority Institution, or Tribal College or University (complete list of HBCU/MI/TCU's).	<a href="http://www.nrl.navy.mil/hbcu/">http://www.nrl.navy.mil/hbcu/</a>	
NDDK Diversity Summer Research Training Program (DSTRP) for Undergraduate Students	2/15/17	June – August	Bethesda, MD or Phoenix, AZ	\$2,500 stipend; housing; travel expenses to Bethesda, Maryland or Phoenix, Arizona (up to \$500).	U.S. citizen or permanent resident; Undergraduate students who have completed at least 1 year at an accredited institution; Minimum of 3.0 GPA; Health Insurance coverage.	<a href="http://www.niddk.nih.gov/research-funding/process/diversity/research%20and-training-for-students/summer-research-training-program/Pages/summer-internship-program.aspx">http://www.niddk.nih.gov/research-funding/process/diversity/research%20and-training-for-students/summer-research-training-program/Pages/summer-internship-program.aspx</a>	
New Mexico State University BIGData REU Program	2/15/17	10 weeks	Las Cruces, NM	\$5,000 stipend; housing and meals; roundtrip airfare to Las Cruces, NM	Must be U.S. citizens, U.S. nationals, or permanent residents of the United States	<a href="http://www.cs.nmsu.edu/reu/application/">http://www.cs.nmsu.edu/reu/application/</a>

NSF Internship at Brookhaven National Laboratory (BNL)	<b>1/13/17</b>	May 25 – Aug. 1	Brookhaven National Laboratory and the Long Island Matrix of Science and Technology	\$5,000 stipend; \$3,080 housing allowance; \$500 travel. (Faculty \$13,000)	U.S. citizen or permanent resident alien (PRA); must be attending an accredited college; must be currently enrolled as a full time undergraduate; GPA of 3.0; at least 18 years old; must have current health insurance coverage; must be available for the entire length of the program.	<a href="https://www.bnl.gov/education/program.asp?q=116">https://www.bnl.gov/education/program.asp?q=116</a>	
NSF REU SITE: IMMERSIVE RESEARCH IN THE BIOARCHAEOLOGY OF GREEK COLONIZATION, SICILY, ITALY	<b>2/17/17</b>	May 23 – July 16, 2016	Travel to Sicily; live in Campofelice di Roccella	This NSF REU Site is an eight-week program offered jointly through the University of Georgia, the University of Northern Colorado, and the Università del Salento that promotes scientific literacy and global engagement among undergraduate students. Undergraduate students are integrated as junior partners of the Bioarchaeology of Mediterranean Colonies Project, a cross-disciplinary, international research program	Participants must be citizens or permanent residents of the United States or its possessions. Participants must be undergraduates pursuing a bachelor's degree. Participants cannot have graduated with a Bachelor's degree before the program begins. There are no specific course prerequisites for this program, but some background in anthropology or archaeology are an advantage in preparing the application materials and research proposal.	<a href="https://research.franklin.uga.edu/reu/content/application">https://research.franklin.uga.edu/reu/content/application</a>	
NSF Summer Research Experience for Undergraduates (REU): Integrative Biology at UC Berkeley	<b>1/30/17</b>	June 4 2017- August 11 2017	University of California at Berkeley	\$5200; On-campus housing; 19 meals/week; \$600 for travel costs;	U.S. citizen or permanent resident; completed at least one course in biology and one in chemistry before applying; Able to show proof of health insurance	<a href="http://mcb.berkeley.edu/nsfreu/">http://mcb.berkeley.edu/nsfreu/</a>	
NSF Summer Research Experience for Undergraduates (REU): Integrative Biology at UC Berkely from Molecules to Ecosystems	<b>1/30/17</b>	June 4 - Aug. 11	UC Berkeley	5200; paid on-campus housing in International House, includes 19 meals/week; Travel costs reimbursed up to \$600	Highly motivated students interested in biological research, students interested in the possibility of graduate school, have completed at least one course in biology and one in chemistry before applying, undergraduates who will be attending a 4 year college or university in fall 2016 to work toward the Bachelor's degree, United States citizens or permanent residents, able to show proof of health insurance for duration of the program	<a href="http://mcb.berkeley.edu/nsfreu/">http://mcb.berkeley.edu/nsfreu/</a>	
NSF-STC Emergent Behaviors of Integrated Cellular System (EBICS)	<b>2/17/17</b>	Depends on location	Three locations: MIT (Massachusetts); UIUC (Illinois); Georgia Tech (Georgia)	\$4,500 stipend; Travel allowance; on campus housing and meals; Grad school prep, faculty mentoring, professional development and social engagement with other students on campus; Scientific papers, oral and/or poster presentations at the end of the summer.	U.S. citizen or permanent resident; undergraduate currently enrolled in a science or engineering program (biology, chemistry, physics, materials science, bio-engineering, computer science, and related fields); Students from underrepresented minority groups, women, and individuals with disabilities are strongly encouraged to apply.	<a href="http://ebics.net/diversity-outreach/about-reu-program">http://ebics.net/diversity-outreach/about-reu-program</a>

University of Oregon NICHD R25 Summer Research Program	<b>no deadline, rolling admission</b>		University of Oregon	Stipend paid at the end of each month; Round-trip travel from home to program; Room and board	U.S. citizen or permanent resident; completed at least one year of undergraduate coursework by summer; undergraduates in good standing	<a href="http://r25srp.uoregon.edu/index.php">http://r25srp.uoregon.edu/index.php</a>	

Peach State LSAMP 2017 Summer Opportunities in STEM Page 30

University of Oregon Summer Program for Undergraduate Research	<b>rolling admission</b>				Applicants should have completed at least one undergraduate academic year before entering the SPUR program. We accept applicants completing their freshman, sophomores, and junior years and students who will graduate in a term or semester after the summer experience. We occasionally accept post-baccalaureate students. Applicants should be US citizens or permanent residents with green card; though we accept one international student each summer. Applicants should be able to commit to a full 10 week experience within the program dates. Applicants should expect a rigorous and rich immersion into the life of a scientist. The program is quite intense and not by any means a summer vacation; however, it is extremely rewarding. Selected interns should come prepared.	<a href="http://spur.uoregon.edu/calendar_student.shtml">http://spur.uoregon.edu/calendar_student.shtml</a>	
University of Pittsburgh CNUP Summer Undergraduate Research Program	<b>2/10/17</b>	May 30 - August 4	University of Pittsburgh	\$3,500	Undergraduate currently enrolled full-time at a U.S. college or university, or who are citizens of the U.S. or her protectorates, including residents of Puerto Rico	<a href="http://cnup.neurobio.pitt.edu/training/summer/index.aspx">http://cnup.neurobio.pitt.edu/training/summer/index.aspx</a>	
University of Pittsburgh School of Medicine Summer Undergraduate Research in Engineering (SURE) - Robotics	<b>3/1/17</b>	May 22 - July 28	University of Pittsburgh	Stipend not specified	U.S. citizen or permanent resident; Individuals from groups underrepresented in the sciences are encouraged to apply	<a href="http://www.gradbiomed.pitt.edu/admissions/summer-program">http://www.gradbiomed.pitt.edu/admissions/summer-program</a>	
University of Pittsburgh Training and Experimentation in Computational Biology (TECBio)	<b>2/13/17</b>		University of Pittsburgh	Stipend not specified	U.S. citizen or permanent resident; completed upper division science courses, such as, microbiology, organic chemistry, biochemistry, or statistics	<a href="http://www.tecbioreu.pitt.edu/">http://www.tecbioreu.pitt.edu/</a>	
University of Rochester Department of Chemistry 2017 Summer Program	<b>2/14/17</b>	June 1 - August 5	University of Rochester	Stipend not specified	U.S. citizen or permanent resident	<a href="http://www.chem.rochester.edu/undergrad/reu.php">http://www.chem.rochester.edu/undergrad/reu.php</a>	
University of Rhode Island Science and Engineering Fellows Program	<b>12/18/16</b>	14 weeks (starts in May)	University of Rhode Island	Fellows are paid hourly for up to 30 hours per week during the summer	Students who demonstrate excellent communication skills, work well with others, and express a willingness to engage in current research topics Any interested undergraduate student; the student must be full-time through December of the program year	<a href="http://web.uri.edu/cels/science-and-engineering-fellows/">http://web.uri.edu/cels/science-and-engineering-fellows/</a>	
University of South Florida Research Experience for Undergraduates (REU) in Applied Physics	<b>3/3/17</b>	May 25 - August 3	University of South Florida	\$4,000	U.S. citizen or permanent resident	<a href="http://physics.usf.edu/ap-reu/">http://physics.usf.edu/ap-reu/</a>

University of Virginia School of Medicine Summer Research Internship Program (SRIP)	2/1/17	May 26- August 4	The University of Virginia School of Medicine	\$4,590; housing and travel to and from Charlottesville are provided	U.S. citizen or permanent resident	<a href="http://www.medicine.virginia.edu/education/phd/gpo/srip">http://www.medicine.virginia.edu/education/phd/gpo/srip</a>	
University of Washington Geome Sciences Summer Research	2/1/17	June 19 - August 18			<p>- US citizens or permanent residents</p> <p>- members of a group that is underrepresented nationally in the biomedical sciences: African-American, Hispanic, Native American, or Pacific Islander.</p> <p>- Currently enrolled in and returning to college following the summer research program to continue their undergraduate studies. We expect that competitive applicants will have had some college-level science coursework. Applicants who would like to work in a computational lab should have had college-level calculus and basic programming skills.</p> <p>- willing to inform us of your career direction after completing your undergraduate degree, whether you opt for graduate school, medical school, or another career path</p>	<a href="http://www.gs.washington.edu/academics/summer/gsummer/apply.htm">http://www.gs.washington.edu/academics/summer/gsummer/apply.htm</a>	
University of Wisconsin-Madison Integrated Biological Sciences Summer Research Program (IBS-SRP)	2/15/17	May 30 - August 5			Applicants must be US citizens or permanent residents between their sophomore and senior years who have not graduated before the program begins, have a grade point average of at least 3.0, and strong interest in a career in biological research. Students who are African American, Hispanic, Native American, Southeast Asian, Native Alaskan or Native Pacific Islander OR who are from low-income homes OR who are the first in their family to attend college OR who attend small liberal arts institutions without broad research facilities are strongly encouraged to apply.	<a href="http://biology.wisc.edu/IBS-SRP.htm">http://biology.wisc.edu/IBS-SRP.htm</a>	
University of Washington Doris Duke Conservation Scholars Program	1/29/17	June 19 - August 13	University of Washington	\$500 weekly	US citizens or permanent residents; freshmen or sophomores preferred	<a href="http://www.uwconservationscholars.org">www.uwconservationscholars.org</a>	
USAID Global Health Fellows II (GHFP-II) Summer Internship Program			Alaska, Midwest, Northeast, Southeast, and Southwest	Stipend not specified	U.S. citizen or permanent resident	<a href="https://www.ghfp.net/participate/interns">https://www.ghfp.net/participate/interns</a>

UT Southwestern Medical Center Summer Undergraduate Research Fellowships	<b>2/9/17</b>	Early June - Mid August	UT Southwestern's Graduate	\$4,000	Applicants must be enrolled in an undergraduate science degree program and have completed their sophomore year. Applicants must also be U.S. citizens or possess an F1 visa.	<a href="http://www.utsouthwestern.edu/education/graduate-school/programs/non-degree-programs/surf.html">http://www.utsouthwestern.edu/education/graduate-school/programs/non-degree-programs/surf.html</a>	
Washington State University Center for Bioplastics and Biocomposites Research Experience for Undergraduate Students	<b>3/1/17</b>	June 1 - August 4				<a href="http://cb2.iastate.edu/reu.html">http://cb2.iastate.edu/reu.html</a>	
Washington State University CVM SURE: Summer Undergraduate Research Experience in Biomedicine	<b>3/15/17</b>	May 31 - July 29			Students from underrepresented groups, disadvantaged backgrounds or with disabilities, who have a GPA of at least 2.75 and are planning to pursue a Ph.D. in the biomedical sciences or an MD-PhD, are eligible. Applicants must have a U.S. SSN or be eligible to obtain one before beginning the program.	<a href="http://undergraduate.vetmed.wsu.edu/SURE">http://undergraduate.vetmed.wsu.edu/SURE</a>	
Washington State University Data-intensive research in the environmental sciences	<b>2/15/17</b>				Applicants must be currently enrolled as an undergraduate. Student participants must be U.S. citizens, U.S. nationals, or permanent residents of the United States.	<a href="https://cereo.wsu.edu/reu-data-intensive-enviro-sci/">https://cereo.wsu.edu/reu-data-intensive-enviro-sci/</a>	
Washington State University Department of Civil & Environmental Engineering Research Experience for Undergraduates (REU)	<b>2/24/17</b>				Participants must be currently registered at a two or four year college, and may not have received their Bachelor's degree prior to July 2015. Women, members of demographic groups traditionally underrepresented in engineering, and students from community colleges or institutions that do not offer research opportunities for undergraduates are particularly encouraged to apply. You must be a U.S. Citizen or permanent resident in order to receive NSF funding. Students at all levels of their undergraduate work are sought for this program, and majors such as civil engineering, environmental engineering, as well as students from chemistry, physics, math, and other technical majors are encouraged to apply.	<a href="http://lar.wsu.edu/ugrad_reu.html">http://lar.wsu.edu/ugrad_reu.html</a>	
Washington State University School of Environment Summer Research for Undergraduates	<b>3/7/17</b>	June 12 - August 11		Participants are offered a \$4,725 summer stipend, plus commuting and meal expenses, and participation in several two-day field trips to locations across the Columbia River Basin. All participants are expected to have their own local housing in the area for the duration of the program.	To receive NSF/REU funding, you must be a U.S. citizen or permanent resident, must be currently enrolled as an undergraduate, and will not receive your bachelor's degree before December 2016.	<a href="http://www.vancouver.wsu.edu/reu">http://www.vancouver.wsu.edu/reu</a>

<p>Weil CornellRockefeller/Slaon-Kettering Gateways to the Laboratory Summer Program</p>	<p>2/1/17</p>	<p>June 6 - August 9</p>		<p>Realizing that this takes away from your summer vacation, students receive a stipend, currently \$4,300, and are reimbursed for their travel expenses. In addition, one family member is flown out to NYC for the final presentations and accommodated at a high-end hotel in New York City.</p>		<p><a href="http://weill.cornell.edu/mdphd/summerprogram/">http://weill.cornell.edu/mdphd/summerprogram/</a></p>	
<p>Woodrow Wilson Teaching Fellowship</p>	<p>10/23/2016, 11/29/2016, and 1/23/2017</p>		<p>Georgia and New Jersey</p>	<p>Fellows receive generous financial support (\$30,000) to complete a master's degree program that includes an intensive clinical placement in a local high-need school, and mentoring and support throughout their three-year teaching commitment.</p>		<p><a href="http://woodrow.org/fellowships/ww-teaching-fellowships/?utm_source=2017+Department+Heads+%2B+Career+Services&amp;utm_campaign=4dc17a4b1b-EMAIL_CAMPAIGN_2016_11_08&amp;utm_medium=email&amp;utm_term=0_fb8bce82b7-4dc17a4b1b-110013997">http://woodrow.org/fellowships/ww-teaching-fellowships/?utm_source=2017+Department+Heads+%2B+Career+Services&amp;utm_campaign=4dc17a4b1b-EMAIL_CAMPAIGN_2016_11_08&amp;utm_medium=email&amp;utm_term=0_fb8bce82b7-4dc17a4b1b-110013997</a></p>	
<p>Wright State University Short-Term Training Program to Increase Diversity in Health-Related Research (STREAMS)</p>	<p>1/1/17</p>			<p>STREAMS participants receive a stipend of \$400 per week, plus travel expenses and free housing in a university apartment.</p>	<p>U.S. citizen or permanent resident; An underrepresented minority student</p>	<p><a href="http://www.med.wright.edu/stream/">http://www.med.wright.edu/stream/</a></p>	
<p>Yale SURF Program</p>	<p>2/1/17</p>	<p>Eight Weeks in the summer (June and July)</p>		<p>Students are housed at no charge in a Yale University dormitory. Students receive a \$1,000 food allowance at the start of the program. Air or train transportation to and from the program will be covered up to \$400 (not including excess luggage charges). All travel arrangements are made through the SURF Program Office. Students will also receive a stipend of \$3,000 upon successful participation in, and completion of, the program.</p>	<p>The SURF Program is intended for students with a strong desire to pursue research careers at the Ph.D. level. The program is particularly interested in identifying and providing research experience to talented underrepresented minority students. Preference is given to students completing their sophomore or junior years. However, other students who express persuasive plans for research may be considered. Participation in the summer program is restricted to US citizens and permanent residents</p>	<p><a href="http://gsas.yale.edu/diversity/programs/summer-undergraduate-research-fellowship-surf">http://gsas.yale.edu/diversity/programs/summer-undergraduate-research-fellowship-surf</a></p>
