The Leadership Alliance Summer Research - Early Identification Program (SR-EIP)	Saturday, February 1, 2025	8 – 10 weeks	Varies	Stipend, and travel and housing expenses from the research institution;	Be currently enrolled full-time in an accredited public or private college or university in the United States or its territories, as recognized by the U.S. Department of Education. Be in good academic standing with a GPA of 3.0 or better. Demonstrate a committed interest to pursue graduate study toward a PhD or MD-PhD.* Have completed at least two semesters and have at least one semester remaining of their undergraduate education by the start of the summer program. Be a documented U.S. citizen or non-citizen national, or permanent resident in possession of an alien registration receipt card (I-551) or another legal document of such status at the time of application. <i>International citizens studying in the</i>	https://theleadershipalliance.org/summer-research-early-identification-program	Link is on the website
The MIT Office of Graduate Education Summer Research Program	Tuesday, January 21, 2025	June 9 – August 9, 2025	Cambridge, Massachusetts	\$5400 stipend On-campus housing Round-trip travel to MIT MIT graduate application fee waiver Individual counseling on academic careers	Enrolled full-time in a degree-granting program in the U.S. Must be a Sophomore, Junior, or non-graduating Senior Must have an interest in research and/or obtaining a PhD Must have a 3.5 GPA Underrepresented minorities, first-generation, and students from low socioeconomic backgrounds are encouraged to apply	https://ogce.mit.edu/msrp/application/	msrp@mit.edu
The University of Illinois at Chicago Research Program	Friday, November 22, 2024	May 29, 2025, through July 26, 2025.	University of Illinois	Students receive an award of up to \$4,000 to work with talented faculty at a Research I institution with state-of-the-art facilities. The program covers the cost of travel (up to \$350) and housing for students who do not live in Chicago or the surrounding suburbs.	Traditionally sophomores and juniors from historically underrepresented ethnic minority groups who have a 3.75 (on a 5.0 scale) or 2.75 (on a 4.0 scale) or higher grade point average are invited to apply. Applicants must be U.S. citizens or permanent residents.	https://grad.uic.edu/diversity/srop-program/	ajbryson@uic.edu
The University of Missouri Post Baccalaureate Research Education Program	Applications are processed continuously	Year round	University of Missouri	All MU PREP Scholars receive a salary of \$28,000 per year. The program pays all course fees and graduate health insurance. Scholars also receive \$4,500 per year to travel to two scientific conferences.	You must be a US Citizen, National or Permanent Resident. You must have graduated or be in the process of graduating with a baccalaureate degree in a biomedical relevant science, from an accredited US college or University, no more than 36 months before your expected matriculation into the PREP program, and not be currently enrolled in a graduate degree program. You must belong to a group considered to be underrepresented in the field of biomedical research by virtue of: (See website)	http://www.prepscholars.missouri.edu	PREP@missouri.edu
The University of Texas Southwestern Medical Center Summer Undergraduate Research Fellowship	Saturday, February 1, 2025	June 2 – August 8, 2025	The University of Texas Southwestern Medical Center Summer	The stipend for the 10-week program is \$5,000	Applicants must be enrolled in an undergraduate science degree program and have completed their freshman year. Applicants must also be U.S. citizens or possess an F1 visa. Criteria used in selection of fellowship recipients include: College grades Relevant experience Letters of recommendation from faculty who can assess the applicant's potential for advanced training and success in biological research Career goals include pursuing Ph.D. or M.D./Ph.D. degree	www.utsouthwestern.edu/surf	See website

The William M. Lapenta - NOAA Student Internship Program	Wednesday, December 10, 2025	June 2 - August 8, 2025.	Varies depending on location of the office	<p>Internship stipend (\$6,000) Furnished dormitory-style housing Travel allowance to get to and from the internship site Payment of abstract fee for AMS or AGU conference ID cards and subsidies for use of Metro or other transportation to/from dorms to work site</p>	<p>Must be enrolled in an undergraduate (sophomore and junior status only) or graduate degree program, and be a U.S. Citizen willing to undergo a security background check. US citizenship must be in hand by Feb 1, 2022.</p> <p>Students from the following majors are welcome to apply: math, physics, meteorology, atmospheric and climate science, computer science, engineering, and social science. Other STEM majors relevant to NOAA's mission will be considered.</p>	https://www.weather.gov/ncep/student_internships	Lapenta.internships@noaa.gov
U.S. Department of Energy Mickey Leland Energy Fellowship Program (MLEF)	Tuesday, January 21, 2025	June 2 - August 8, 2025	Varies by selected institution	<p>The MLEF program provides stipends to Participants based on academic level.</p> <p>Undergraduate students receive a stipend of \$7,500 for the 10-week program Master's students receive a stipend of \$8,500 for the 10-week program Some Participants may be authorized to receive an additional allowance to offset the cost of housing and travel expenses. This allowance may not cover the full cost of housing or travel to the program site.</p>	<p>Be at least 18 years of age at time of application. Be a U.S. Citizen. Have a cumulative GPA of at least 2.8. Be currently enrolled full-time as a degree-seeking student in a STEM program at an accredited college/university at the Associate, Bachelor's, or Master's level. Must be deemed at least a college sophomore by your college/university at the time of application. Must have completed at least one year as a matriculated undergraduate student at the time of applying. Advanced Placement credits or other undergraduate credits obtained prior to undergraduate enrollment cannot be applied to meet the minimum one-year completion requirement. Be available to participate in the full 10-week program.</p>	https://orise.ornl.gov/mlef/applicants/default.html	MLEF@hq.doe.gov
UAMS Summer Undergraduate Research Program to Increase Diversity in Research	Saturday, February 15, 2025	May 27 - July 25, 2024	University of Arkansas	<p>Students will be provided a salary of \$4,320* for the 9-week period. Students who live outside of Little Rock and surrounding cities may be eligible for a per diem of \$2,400 for housing and travel reimbursements.</p>	<p>To qualify for the program, applicants must be U.S. citizens or permanent residents and have a minimum GPA of 2.5. Applicants who are a member of an underrepresented group (African American, Hispanic American, Native American, Alaska Native, Hawaiian Native, or native of the U.S. Pacific Islands), disabled, or from a disadvantaged background are encouraged to apply. Students with a background in biology or chemistry are preferred. Applicants must have completed at least one year of undergraduate education to be eligible. In addition, students who will complete their degree prior to the start of the program are not eligible.</p>	http://gradschool.uams.edu/pros-students/uams-summer-undergraduate-research-program-to-increase-diversity-in-research/	Dr. Prince at princelatrina@uams.edu
University of California Irvine Summer Undergraduate Research Fellowship (SURF)	Saturday, February 1, 2025	June 23 - August 16, 2024	University of California Irvine, California	<p>Participants will be awarded a \$5,000 research stipend. (*Note: Stipend is subject to income tax). Commuter parking pass. Meal plan</p>	<p>U.S. citizens, permanent residents, ABS40 eligible Juniors, seniors or master's students interested in pursuing a Ph.D. Students who will be enrolled full-time at a college or university during the Spring and Fall 2022 terms Students with a 3.0 cumulative grade point average or better (on a 4 point scale) Students interested in attending UC Irvine for graduate studies Students from educationally disadvantaged or underserved backgrounds are especially encouraged to apply SURF is open to students in virtually all academic fields (e.g., arts, humanities, social sciences, social ecology, biological sciences, engineering, education, computer sciences, and physical sciences) International students are not eligible for SURF UCI students are not eligible for SURF Seniors graduating Spring 2023 are not eligible for</p>	https://grad.uci.edu/about-us/diversity/grad-prep-programs/surf.php	Mariela Menendez Recruitment Manager email: diversity@rgs.uci.edu

<p>University of California Los Angeles David Geffen School of Medicine Premedical Pre-dental Enrichment Program (PREP)</p>	<p>Monday, March 3, 2025</p>	<p>July 7, 2025 - August 15, 2025</p>	<p>University of California Los Angeles</p>	<p>There is no tuition fee or application costs to participate in the program. Stipend and Housing (including meals) options will be available to our participants. The amount may vary depending on funding availability.</p> <p>Program participant will be responsible for any travel and personal expense(s) incurred while attending the program.</p>	<p>Applicants must come from an educationally or economically disadvantaged background. Applicants must be U.S. citizens, hold a permanent residency or have documentation of approved eligibility for the Deferred Action for Childhood Arrivals (DACA) in the State of California. Minimum 2.8 Cumulative GPA. Applicants should have not taken the MCAT before July 15, 2025. Demonstrated interest in addressing issues affecting underserved populations in healthcare. 2025 Summer Undergraduate Fellowship Program	Wednesday, February 5, 2025	10 weeks	Varies	<p>This fellowship includes a \$6,000 stipend, which is based upon an expectation of a 40-hour per week effort for 10 weeks (May to September), dates to be mutually suitable to the mentor and fellow. Selected fellows have the opportunity to attend the 2025 AAPM Annual Meeting in Washington, DC (complimentary registration and \$500 towards travel expenses.)</p>	<p>Each student applicant shall have completed at least 2 years of their undergraduate studies, but shall not have graduated. Students who graduate prior to the fellowship start date (Spring 2025) are not eligible.</p> <p>Applicants shall have declared a major or be eligible to declare a major in physics, engineering, or other science. Applicants shall have completed a mathematics course in differential equations. Applicants shall have also completed at least one of the following courses in physics, or their equivalent in engineering sciences: modern physics, quantum mechanics, electricity and magnetism.</p> <p>Summer Undergraduate Fellowships are restricted to U.S. citizens, Canadian citizens and Permanent residents of the U.S.; DACA students are welcome to apply.</p> <p>Prior fellowship recipients not eligible.</p>	<p>https://aapm.secure-platform.com/gaf/page/SFP-grantsandfellowships@aapm.org</p>	<p>grantsandfellowships@aapm.org</p>
A Summer of Science Internship (Summer Interns)	Tuesday, November 25, 2025	10 weeks starting June 2, 2025	Cambridge, Massachusetts or our West Coast site in San Diego, California.	<p>The program is a paid, full-time, research opportunity. Pay is competitive with local internship wages.</p> <p>Housing and Travel: Financial support for housing, travel, and local transit systems will be provided based on the Company's non-discriminatory assessment. All interns have the opportunity to reside in local university residences within the heart of the city, where access to local transit systems is readily available.</p> <p>Health Insurance: The Massachusetts Health Care Reform Law requires that all adult residents (permanent and temporary), age 18 and older, must have health insurance. In Cambridge, health insurance will be provided to those who will not have continuous coverage from another source during the summer.</p>	<p>Applicants must be at least 18 years of age at the start of the program</p> <p>Applicants must have completed at least three semesters or four quarters at an accredited U.S. college or university before the start of the internship</p> <p>Applicants must attend a school in a U.S. state or territory and be eligible to work in the United States</p> <p>Applicants must have a strong desire to pursue a Ph.D. in a biomedical field</p> <p>Applicants should have a GPA of at least 3.4 on a 4.0 scale</p>	<p>https://www.novartis.com/careers/early-careers/use-biomedical-research-internship-programs</p>	<p>future.talent@novartis.com</p>
